

For the Lord thy God
bringeth thee into a good land
a land of brooks of water,
of fountains and depths that
spring out of valleys and hills;
A land of wheat, and barley,
and vines, and fig trees,
and pomegranates;
a land of oil olive, and honey;
A land wherein thou shalt eat bread
without scarceness thou shalt not
lack anything in it; a land
whose stones are iron, and out
of whose hills thou mayest
dig brass.

**RECORDS OF THE ANNUAL TOWN MEETING
HELD IN SNOW'S HALL, MILLIS, MASS.,
MONDAY EVENING, FEBRUARY 9, 1931.**

Meeting called to order by Moderator Rudolph F. King at 7:30 P. M. when the Town Warrant was read.

Art. 1. To choose a Moderator for one year, a Town Clerk for one year, a Town Treasurer for one year, Two Constables for one year, One Selectman for three years, One Overseer of the Poor for three years, One Assessor for three years, One School Committeeman for three years, One Trustee of Public Library for three years, One Cemetery Commissioner for three years, One Library Trustee for one year, One Park Commissioner for three years, One Sewer Commissioner for three years, One Tax Collector for one year, One Water Commissioner for three years, One Tree Warden for one year. All the above to be on one ballot.

After the results of the town election were read by Town Clerk, Lloyd C. King, the Moderator declared the various officers elected for their respective terms.

Art. 2. To hear and act on the reports of Town Officers and Committees.

Voted unanimously to accept as a whole the various reports of Town Officers and Committees as printed in

the town report with the exception of the proposed By-Laws and Building Code.

Checkers appointed by the Moderator to act during the evening were Bertram Holland, Alton Carlson, Lawrence Beardon and Arthur Young.

Art. 3. To see if the Town will appropriate the sum of \$2,900.00 for the maintenance of law and order, or act in any manner relating thereto.

Voted that the sum of \$2,900.00 be appropriated for the maintenance of law and order.

Art. 4. To see what disposition the Town will make of the money refunded by the County on account of dog licenses.

Voted that the money refunded by the County be turned over to the Public Library for its use.

Art. 5. To appropriate money for all necessary town expenses, including a sum sufficient to pay all Town Officers' salaries.

Voted individually to appropriate money for necessary town expenses itemized as follows:

School Department	\$8,700.00
Salaries of School Committee	150.00
Removal of Snow	1,200.00

Sewer Beds Maintenance	2,000.00
	<hr/>
Total	\$8,775.00

Under Article 5 the following votes were passed.

"Public Library"

Motion to appropriate the sum of \$4,000 for Public Library plus the interest from the Worcester Fund.

"Highways & Bridges"

Motion to appropriate the sum of \$5,000.00 for Highways and Bridges was amended and amendment carried, that the town appropriate the sum of \$2,000.00 for Highways & Bridges, the additional \$1,000.00 to be used for a cement sidewalk on the Westerly side of Main Street beginning at the junction of Main and Exchange Streets running in a Westerly direction to the top of the hill.

"Salaries of Board of Registrars"

Motion to appropriate \$3,000 for salaries of Board of Registrars was amended and amendment LOST.

to increase the salaries of the Board of Registrars to \$25.00 each.

"Salary of Milk Inspector"

By rising count "Yes" 84, — "No" 5, — it was VOTED to appropriate the sum of \$50.00 for the Salary of Milk Inspector.

Art. 6. To see if the Town will appropriate the sum of \$300.00 towards the support of the District Nurse, or act in any manner relating thereto.

VOTED that the Town appropriate the sum of \$300.00 toward the support of the District Nurse.

Art. 7. To see if the Town will appropriate a sum of money for the Tree Department, or act in any manner relating thereto.

VOTED that the Town appropriate the sum of \$700.00 for the Tree Department.

VOTED that the Tree Warden include the care of trees around Millis Memorial station.

Art. 8. To see if the Town will vote to appropriate a sum of money for the use of the Board of Health, or act in any manner relating thereto.

VOTED that the Town appropriate the sum of \$800.00 for the use of the Board of Health.

Art. 9. To see if the Town will vote to appropriate a sum of money for special repairs on such streets as are

selected by the Massachusetts Highway Commission acting in conjunction with the State and County, or act in any manner relating thereto.

VOTED that the Town appropriate the sum of \$12,000.00 for special repairs on such streets as are selected by the Massachusetts Highway Commission acting in conjunction with the State and County.

Art. 10. To see if the Town will vote to appropriate the sum of \$847.55, said sum being the portion of the expense incurred and apportioned by the County Commissioners for the care and maintenance of the Norfolk County Hospital, or act in any manner relating thereto.

VOTED that the Town appropriate the sum of \$847.55, said sum being the portion of the expense incurred and apportioned by the County Commissioners for the care and maintenance of the Norfolk County Hospital.

Art. 11. To see if the Town will vote to appropriate the sum of \$1,400.79 for the suppression of the Gypsy and Brown Tail Moth and Elm Leaf Beetle, or act in any manner relating thereto.

VOTED that the Town appropriate the sum of \$1,000.00 for the suppression of the Gypsy and Brown Tail Moth and Elm Leaf Beetle.

Art. 12. To see if the Town will appropriate a sum of money for Memorial Day, or act in any manner relating thereto.

VOTED that the Town appropriate the sum of \$200.00

for Memorial Day purposes and that the Moderator appoint a Committee to have charge of Memorial Day exercises.

Art. 13. To see if the Town will accept the John D. Hutchinson Cemetery Trust Fund, or act in any manner relating thereto.

VOTED that the Town accept the John D. Hutchinson Cemetery Trust Fund.

Art. 14. To see if the Town will vote to appropriate the sum of sixty-eight dollars and seventy-five cents to pay bill of the late Louis LaCroix, or act in any manner relating thereto.

VOTED that the Town appropriate the sum of \$68.75 to pay bill of the late Louis LaCroix.

Art. 15. To see if the Town will vote to change name of Millis Town Park to Legion Park, or act in any manner relating thereto.

VOTED to dismiss the Article.

Art. 16. To see if the Town will authorize the Selectmen to pay land damages on Exchange Street as authorized by the County Commissioners or act in any manner relating thereto.

VOTED that action on Article 16 be deferred until Article 34 has been acted upon.

Art. 17. To see if the Town will authorize the Selectmen to pay land damages on new way as authorized by

[illegible]

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

2. The second step is to gather relevant information and data. This can involve research, consultation with experts, or collecting data from various sources.

3. The third step is to analyze the information and data collected. This involves identifying patterns, trends, and relationships that can help in understanding the problem.

4. The fourth step is to develop a solution or answer. This involves applying the knowledge and skills gained from the previous steps to create a response that addresses the problem.

5. The fifth step is to evaluate the solution or answer. This involves checking the results against the original problem and requirements to ensure that the solution is effective and accurate.

There is a significant positive correlation between the number of years of experience and the number of projects completed. The correlation coefficient is 0.75, indicating a strong positive relationship.

... ..

[illegible]

1. The first step in the process is to identify the problem or issue that needs to be addressed. This involves gathering information and understanding the context of the problem.

with the provisions of said act and of chapter 40 of the General Laws, so that the whole loan shall be paid in not more than fifteen years, or at such earlier date as the Treasurer and selectmen may determine.

VOTED that a Building Committee of nine be appointed to have charge of the construction of the new school building, four of whom shall be the Chairman of the School Committee, Chairman of the Board of selectmen, Chairman of the Finance Committee and the Town Treasurer, the remaining five members to be elected by these four. The committee was composed of the following: William B. Esselen, J. Allen Cole, Herbert H. Thorne, Rudolph F. King, Charles A. Smith, Leon F. Richardson, Richard F. Downing, Frank Hamlin, Arthur P. Young.

Art. 22. To see if the Town will vote to raise and appropriate a sum of money for the purpose of remodeling the Adams and Ellice schools, or take any action relative thereto.

VOTED to dismiss the Article.

Art. 23. To see if the Town will vote to raise and appropriate a sum of money for building an addition to the high school building, such addition to increase the floor space of said building, including the original equipping and furnishing of said addition, determine how the appropriation shall be raised, or take any action relative thereto.

VOTED to dismiss the Article.

Art. 24. To see if the Town will vote to appropriate the sum of \$300 to clean out the brook between Pleasant Street and the New Haven Railroad tracks or act in any manner relating thereto.

VOTED that the Town appropriate the sum of \$300 to clean out the brook between Pleasant Street and the New Haven Railroad tracks.

Art. 25. To see if the Town will accept the proposition of Fred H. Williams for the proposed relocation of Orchard Street, or act in any manner relating thereto.

VOTED that the Town do accept the proposition of Fred H. Williams and that the Board of Selectmen of Millis is hereby authorized to enter into an agreement with him whereby in consideration of his releasing the Town from any claim for damage for land taken under the proposed relocation of Orchard Street on the West-erly side of said street, the walls and trees from a point about 50 feet North of the outlet of Boggastowe Pond to a point about 1000 feet north of said outlet may remain undisturbed during my lifetime with the understanding that the maintenance and care of said walls and trees during said period shall be at the expense of said Williams; that said walls may then or thereafter be moved, in accordance with said plans, and such trees removed as said Board of Selectmen deem necessary, or as may then be agreed upon, and no damage shall be claimed therefor by said Williams, his heirs, executors, administrators or assigns.

And with the further understanding that the present walls and fences belonging to him within the lines of the

new location as thus defined are to be moved at the expense of said Town so as to conform with said plans.

(Moderator Rudolph F. King resumed the chair.)

Art. 26. To see if the Town will accept the land conveyed to the Town by Fred H. Williams being a parcel of about 11 acres adjoining other land which the Town now uses as part of its water system, according to the conditions set forth in the deed of conveyance, that the land be always used by the Town as an addition to and for the purpose of its water system or act in any manner relating thereto.

VOTED that the Town accept the land conveyed to the Town by Fred H. Williams being a parcel of about 11 acres adjoining other land which the Town now uses as part of its water system, according to the conditions set forth in the deed of conveyance, that the land be always used by the Town as an addition to and for the purpose of its water system.

VOTED unanimously that a letter of thanks be sent through the office of the Town Clerk to Hon. Fred H. Williams for his gift of land which is to be used as part of the Town Water System.

March 3, 1931

Hon. Fred H. Williams,
60 Congress Street,
Boston, Massachusetts.

Dear Sir:

At the Annual Town Meeting held February 9, 1931, the citizens of Millis voted to extend you a vote of thanks for your gift of land as given to the Water Department.

At this time we wish to express our appreciation of your gift, and your interest in the welfare of our town places you in the minds of all the people as one of our most honored citizens. It is with pride that we can call you one of us and we want you to know that your welfare and happiness as a resident of Millis will always be first in the minds of our citizens.

Respectfully,

LLOYD C. KING,

Town Clerk.

Art. 27. To see if the Town will appropriate the sum of three thousand dollars to erect a building for the storage of tools and machines, or act in any manner relating thereto.

VOTED that the Town appropriate the sum of \$2000.00 for the purpose of erecting a building for the storage of tools and machines belonging to the Town.

Art. 28. To see what disposition the Town wishes to

make of the money collected for interest on the sewer extension on Union St.

Motion made to turn the money collected for interest on the sewer extension on Union Street over to the Sewer Trustees to assist in paying rates.

Motion amended and it was VOTED to turn the money collected for interest on the sewer extension on Union Street over to the Sewer Fund.

Art. 29. To see if the Town will vote to authorize the Selectmen to defend the Town in an action of contract brought by Edwin C. Jenney and John H. Blanchard for services claimed to have been rendered the Town in 1926 and 1927, or appropriate money for same or act in any manner relating thereto.

VOTED that the Town authorize the sum of \$2500 to defend the Town in an action of contract brought by Edwin C. Jenney and John H. Blanchard for services claimed to have been rendered the Town in 1926 and 1927.

Art. 30. To see if the Town will vote to authorize the Selectmen to re-adjust the lighting system at the junction of Village and Pleasant Streets, install new street lights if necessary and appropriate money for the same, or act in any manner relating thereto.

VOTED that the Town authorize the Selectmen to re-adjust the lighting system at the junction of Village and Pleasant Streets, and install new street lights if necessary, and that the sum of \$500 be appropriated for this purpose.

Art. 31. To see if the Town will vote to install electric lights on any of the following locations:

Village Street in front of house of Robert R. Quinn
 Acorn Street near house of Morris Yellen
 Village Street near house of Nathan Rosen
 Forest Road near house of Henry Ciampi
 Orchard Street near house of Walter S. Bicknell
 Baltimore Street near house of Esther Doliner

Motion made that the Town install electric lights as specified under Article 31.

This motion amended but LOST that three electric lights be installed on Acorn St. instead of one, near the house of Morris Yellen and that the sum of \$16.50 each be appropriated for the two extra lights.

VOTED that the Town install electric lights on the following locations:

Village Street in front of house of Robert R. Quinn
 Acorn Street near house of Morris Yellen
 Village Street near house of Nathan Rosen
 Forest Road near house of Henry Ciampi
 Orchard Street near house of Walter S. Bicknell
 Baltimore Street near house of Esther Doliner

Art. 32. To see if the Town will appropriate the sum of \$25.00 for heating Niagara Hall for Boy Scout meetings, or act in any manner relating thereto.

VOTED to dismiss the Article.

Art. 33. To see if the Town will vote to appropriate the sum of \$2000 for improvements in the Town Park, or act in any manner relating thereto.

Motion LOST to appropriate the sum of \$2000, and that it be invested and placed in trust and the Park Department be given the use of the interest received therefrom for park purposes.

VOTED that the sum of \$20000 be appropriated for Park purposes.

Art. 34. To see what action the Town will take in regard to establishing building lines on Exchange Street.

Motion made — That the Town establish a building line on the West side of Exchange Street between Court Street and Curve Street twelve feet back of the street line as it existed January 1, 1934.

That all existing structures and or buildings are to remain, all new structures and or buildings shall set back to the new building line; that all present structures and or buildings altered or repaired shall be restored to their value at the time of altering or repairing to be moved back to the new building line; that all new structures and or buildings damaged by fire shall or more of their value at the time of the damage shall be rebuilt, be considered as a new structure and or building, and treated as such in accordance with requirements outlined above.

During the discussion of this Article, on account of the lateness of the hour it was VOTED to adjourn the meeting until 7:30 P. M., Monday evening, February 13, in Snow's Hall.

ADJOURNED ANNUAL TOWN MEETING,

Monday evening, February 16, 1931,

called to order by Moderator, Rudolph F. King,
at 7:40 P. M. in Snow's Hall.

Began working under Article 34 of the Town Warrant
and

After the Moderator read the motion which was before
the house (as above), it was VOTED that this matter be
indefinitely laid on the table.

The Finance Committee asked that Article 5 be re-
opened and it was voted that Article 5 be reopened for
action.

At the recommendation of the Finance Committee that
the Town increase the Snow appropriation \$800.00 due
to the fact that the Superintendent of Streets had already
spent more than \$1200.00 this year, it was VOTED that
the Town increase the Snow appropriation from \$1200.00
to \$2000.00.

VOTED that the Town appropriate the sum of \$800.65
for salary of Tax Collector for 1930.

Finance Committee recommended increasing the ap-
propriation for Debt and Interest \$297.00, and it was
VOTED that the Town increase the appropriation on
Debt and Interest from \$16,597.41 as voted at the pre-
vious town meeting, to the sum of \$16,894.41.

At this time Mr. Fagnard stated he asked permission to talk for about five minutes which request the Mayor granted. Mr. Simp stated that at the time the building appropriation of \$100,000 (plus) was appropriated at the meeting held February 9, 1931, and at that meeting he was not present.

Art. 10. To see if the Town will authorize the Selectmen to pay land damages on Exchange Street as authorized by the County Commissioners in connection with the same relating thereto.

Motion made that the Town do authorize the Selectmen to pay land damages on Exchange Street as authorized by the County Commissioners.

There was considerable discussion regarding this Article and the Town meeting adjourned and it was VOTED that the Town do not pay land damages for land taken by the County as the East side of Exchange Street and that the Town request the Selectmen to petition the Board of County Commissioners to relocate Exchange Street by restoring the location taken by them on September 9, 1930, thus making the Street line on the East side of the Street the same as it existed on April 29, 1930.

Motion made and withdrawn that the Town appropriate the sum of \$350 to pay land damages on the East side of Exchange Street.

VOTED that Article 42 be voted upon immediately after Article 35.

Art. 35. To see if the Town will accept the Building Code as printed in the Town Report.

VOTED that the Article be dismissed.

Art. 42. To see if the Town will vote to adopt the revised By Laws as printed in the Annual Town Report, or act in any manner relating thereto.

Motion made that the Town accept the revised By-Laws as printed in the Annual Town Report.

Amendment LOST that each Article be taken up separately.

Corrections and changes were made as follows:

VOTED that Article 5, Sec. 7 be changed to read as follows:

"The Town Treasurer shall give bond to the Town in such sum as shall be satisfactory to the State Tax Commissioner, and with surety to the satisfaction of the Selectmen for the faithful discharge of the duties of his office."
and Section 11 to read

"In addition to the duties required by the law, the Collector of Taxes shall give bond to the town in such sum as shall be satisfactory to the State Tax Commissioner, with surety to the satisfaction of the Selectmen for the faithful discharge of the duties of his office."

Article 6, Sec. 2

VOTED that this Section be amended substituting \$100000 where it now reads \$50000.

VOTED that the Town do accept the By-Laws as printed in the Annual Town Report with the corrections as they have been voted.

Art. 36. To see if the Town will appropriate \$7500 for printing the By-Laws and Building Code.

VOTED that the sum of \$5000 be appropriated for the purpose of printing the Revised By-Laws of the Town.

Art. 37. To see what action the Town will take in regard to the annual election of the Board of Selectmen.

VOTED that the Article be dismissed.

Art. 38. To see if the Town will vote to have the Moderator appoint a town planning committee of twenty citizens, or act in any manner relating thereto.

After hearing some of the possible times of a town planning committee it was VOTED that the Town authorize the Moderator to appoint a Town Planning Committee of twenty citizens.

Art. 39. To see if the Town will vote that the rate of pay for town labor in all departments shall be two per hour.

Motion LOST that this Article be dismissed.

Motion made that the Town pay 60¢ per hour for all town labor with the exception of the School Department and Fire Department.

After discussion motion amended and it was VOTED that the minimum rate of wage for all town labor in all departments be 60¢ per hour.

Art. 40. To see what action the Town will take regarding the compensation of the Tax Collector, whether by amendment of existing town By-Laws or otherwise.

VOTED that the Town appropriate the sum of \$750.00, plus \$117.50 for expenses which is to include premium on bond, for salary of Tax Collector for the ensuing year.

Art. 41. To see if the Town will vote to place the name of the Superintendent of Streets on the ballot, or act in any manner relating thereto.

VOTED that the Article be dismissed.

Art. 43. To see if the Town will vote to accept the gift tendered by Mr. Evan F. Richardson, said gift to consist of five acres of land more or less, lying west of the town cemetery and said land to be used for cemetery purposes, with such conditions as are found in the offer made by Mr. Richardson, or take any action relative thereto.

If the Town accepts this land it is with the following conditions:

That it be under the charge of the Cemetery Commission and not be used for burial purposes until

properly laid out, and then only for citizens or former citizens of the town, irrespective of color, religion, or nationality; and that a lot or lots totaling at least 3,000 feet in area be maintained for the burial of such persons as have no available means.

VOTED unanimously that the Town do accept the gift tendered by Mr. Evan F. Richardson, and that to consist of five acres of land more or less lying west of the town cemetery and said land to be used for cemetery purposes, with such conditions as are found in the offer made by Mr. Richardson.

VOTED that the Town Clerk be instructed to convey to Mr. Richardson the sincere thanks of the citizens of the Town of Millis for this gift of land and that it be so recorded on the Town records.

March 3, 1911

Mr. Evan F. Richardson,
Millis,
Massachusetts.

Dear Mr. Richardson:

At the Annual Town Meeting the citizens of Millis voted to extend you a vote of thanks for your gift of land as given to the Cemetery Department.

As one of our most honored and respected citizens we want you to know that your gift is appreciated very much by the citizens of this town. We take great pride

in your progress and continued success in town, county and state affairs, and we are very proud that we can claim you as one of our own. Your never tiring interest in the things that are always best for our town and your very generous gift, will always stand as a memorial to you in the minds of the people of Millis.

Respectfully,

LLOYD C. KING,

Town Clerk.

Art. 44. To see if the Town will vote to build a four-foot cement sidewalk 615 feet in length on Main Street from the junction at Main and Exchange Street to the westerly side of Auburn Road, and appropriate money for this purpose, or act in any manner relating thereto.

VOTED to dismiss the Article as it was taken care of under Art. 5, heading "Highways and Bridges."

Art. 45. To see if the Town will vote to instruct the Selectmen to grant a franchise to the Taunton Gas Company to extend their service to Millis, or act in any manner relating thereto.

VOTED unanimously that the Town instruct the Selectmen to grant a franchise to the Taunton Gas Company to extend their service to Millis provided they will agree to put the streets back in the same condition in which they find them.

Art. 46. To see if the Town will vote to appropriate

the sum of \$1200.00 for the purchase of a portable forest fire pump and two thousand feet of one inch forest fire service hose, or act in any manner relating thereto.

Motion made that the Town appropriate the sum of \$1200.00 for the purchase of a forest fire pump and two thousand feet of one inch forest fire service hose.

Motion amended but not carried that the sum be increased to \$1500 for the purchase of a forest fire pump, truck and hose.

VOTED that the Town appropriate the sum of \$1200.00 for the purchase of a forest fire pump and two thousand feet of one-inch forest fire service hose.

Art. 47. To see if the Town will instruct the Selectmen to appropriate the sum of \$500.00 for the purchase of 2 1/2-inch fire hose, or act in any manner relating thereto.

VOTED that the Town appropriate the sum of \$500.00 for the purchase of 2 1/2-inch fire hose.

Art. 48. To see if the Town will instruct the Selectmen to request the American Telephone & Telegraph Company to remove all of their poles from public property, between Exchange Street and Plain Street to Lavender Street; placing their telephone lines underground, or act in any manner relating thereto.

Motion LOST to dismiss the Article.

VOTED that the Town instruct the Selectmen to request the American Telephone & Telegraph Company to

remove all of their poles now on public property, between Exchange Street and Plain Street on Lavender Street, placing their telephone lines underground.

Art. 49. To see if the Town will appropriate the sum of \$2000.00 under General Laws, Chapter 118A, Chapter 402, Acts of 1930 (Old Age Pension), or act in any manner relating thereto.

VOTED that the Town appropriate the sum of \$1900.00 under General Laws, Chapter 118A, Chapter 402, Acts of 1930 (Old Age Pension), plus \$100.00 for the expenses of the Welfare Committee.

Art. 50. To see if the Town will vote to authorize the Assessors to use the balance in the Treasury January 1, 1931, in making up their tax rate, or act in any manner relating thereto.

VOTED that the Town authorize the Assessors to use the balance in the Treasury January 1, 1931, in making up their tax rate. This balance amounts to \$20,542.89.

Art. 51. To see if the Town will vote to transfer cash balances from various departments into General Cash, or act in any manner relating thereto.

VOTED that the Town transfer cash balances from various departments into General cash.

Art. 52. To see if the Town will authorize the Selectmen to investigate as to the advisability of securing a part of the land contained in the area bounded by Auburn Road on the West, Main Street on the South, Exchange

Street on the East, and the N. Y. N. H. & H. P. R. on the North, this land to be used for parking purposes for any other town needs.

VOTED to dismiss the Article.

Art. 53. That the Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the municipal year beginning January 1, 1911, and to issue a note or notes therefor, payable within one year, any debts incurred under this vote to be paid from the revenue of said municipal year.

VOTED that the Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the municipal year beginning January 1, 1911, and to issue a note or notes therefor, payable within one year, any debts incurred under this vote to be paid from the revenue of said municipal year.

VOTED to re-open Article 5 to act under heading Debt and Interest.

VOTED to increase Debt & Interest \$200,000 in account of the appropriation for the new school building increasing the figure from \$16,894.41 to \$18,894.41.

Art. 54. To grant money appropriated in the foregoing articles.

VOTED that the Town grant the sum of \$110,887.97 as appropriated in the foregoing articles.

VOTED to adjourn.

WARRANT FOR SPECIAL TOWN MEETING

Friday, Sept. 18, A. D. 1931

Commonwealth of Massachusetts,

Norfolk, ss.

To either of the Constables of the Town of Millis, in said
County, Greeting:

In the name of the Commonwealth of Massachusetts
you are directed to notify and warn the inhabitants of
the Town of Millis, qualified to vote in Elections and in
Town Affairs, to meet in the

Grange Hall in said Millis

FRIDAY THE EIGHTEENTH DAY OF

SEPT., 1931

At 8 O'clock P. M.

Article 1. To see if the Town will vote to appropriate
a sum of money for the repair of Orchard Street Bridge,
or act in any manner relating thereto.

Article 2. To see if the Town will vote to appropriate
a sum of money for the Cutting of brush, to relieve un-
employment, or act in any manner relating thereto.

Article 3. To see if the Town will vote to take for from Overlay Reserve the amount of money appropriated in the foregoing Articles, or not in any manner relating thereto.

And you are directed to serve this Warrant by posting attested copies thereof, seven days at least before the time of said meeting as directed by the vote of the Town.

Hereof fail not and make due return of this Warrant with your doings thereon, at the time and place of said meeting.

Given under our hand this Ninth day of September A. D. 1931.

H. M. CUSHMAN

J. CLARENCE THORNE

CHARLES A. SMITH

Sheriff of Maine.

A true copy.

Attest:

WILLIAM H. THORNE, Clerk of Maine.

SPECIAL TOWN MEETING

held in Grange Hall, Millis, Mass.

Friday Evening, September 18, 1931,

at 8:00 P. M.

Meeting called to order by Moderator Rudolph F. King, and as there was not 15% of the voters present, it was voted to declare a recess for fifteen minutes.

Meeting called to order again at 8:15 P. M. with 15% of the voters present.

Art. 1. To see if the Town will vote to appropriate a sum of money for the repair of Orchard Street Bridge, or act in any manner relating thereto.

VOTED that \$600.00 be appropriated for Orchard Street Bridge repair.

Art. 2. To see if the Town will vote to appropriate a sum of money for the cutting of brush, to relieve unemployment, or act in any manner relating thereto.

VOTED to appropriate \$2,000.00 for the cutting of brush.

Art. 3. To see if the Town will vote to transfer from overlay reserve the amount of money appropriated in the foregoing Articles, or act in any manner relating thereto.

VOTED that the sum of \$200,000 be transferred to Orchard Street Bridge account and \$200,000 to Park account from the overlay reserve account.

Meeting adjourned at 8:30 P. M.

LLOYD C. FINE,
Town Clerk.

**REPORT OF AN AUDIT OF THE ACCOUNTS
OF THE TOWN OF MILLIS**

For The Period From January 1, 1930 to July 7, 1931

Made in Accordance with the Provisions of

Chapter 44. General Laws

September 5, 1931

September 5, 1931

To the Board of Selectmen

Mr. Horace M. Cushman, Chairman

Millis, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the accounts of the town of Millis for the period from January 1, 1930 to July 7, 1931, made in accordance with the provisions of Chapter 44, General Laws. This report is in the form of a report made to me by Mr. Edward H. Fenton, Chief Accountant of this Division.

Very truly yours,

THEODORE N. WADDELL

TNW:CAB

Director of Accounts

Mr. Theodore N. Waddell

Director of Accounts

Department of Corporations and Taxation

State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Millis for the period from January 1, 1930 to July 7, 1931 and submit the following report thereon:

The financial transactions of the town, as recorded in the books of the several departments receiving or disbursing money for the town, were examined and checked with the books of the town accountant.

The books and accounts of the town accountant were examined and checked with the treasurer's books and with the records in the several departments collecting money for the town.

The appropriations and transfers, as entered in the ledger, were checked to the town clerk's records of appropriations and transfers authorized by the town.

In checking the financial votes of the town it was noted that a vote passed at a town meeting held February 10, 1930, provided for a transfer of \$833.11 from the current overlay account to general cash. The raising of overlays for the abatement of taxes is authorized under Section 25, Chapter 59, General Laws, this section also providing that any balance in the overlay account in excess of the amount of the tax levy remaining to be collected or abated, shall be transferred to a reserve fund to be used for extraordinary or unforeseen expenses. Any action affecting a transfer from this fund must be authorized by the town before a transfer is made.

It is evident that this reserve fund, or overlay surplus account as it is sometimes called, has been confused with the reserve fund mentioned in Section 6, Chapter 40, General Laws, which also should be sanctioned by a town meeting vote. During the past few years thousands of dollars have been transferred by the finance committee from the overlay surplus account without vote of the town. The amount thus erroneously used from the overlay reserve fund was set up again on the ledger at the completion of the audit.

The receipts as shown on the accountant's books were

checked with the records of the treasurer, and the payments were compared with the warrants authorizing the treasurer to disburse town funds.

In checking vouchers and payrolls to the treasurer's warrants, it was found that in several instances expenses incurred in 1929 and 1930 had been paid from the appropriations of 1930 and 1931, respectively. The practice of paying bills of prior years from appropriations provided for current years' expenses should be discontinued in the future.

A number of the treasurer's warrants lacked the approval of a majority of the members of the board of selectmen, and in various instances the amount of the warrant had been changed, apparently after its approval by the selectmen. All warrants should be carefully and accurately prepared, and their approval by at least a majority of the board of selectmen should be secured before they are paid by the treasurer.

The classification book was examined and checked with the ledger accounts.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were analyzed and compared with the records of the several departments collecting money for the town and with the other sources from which money was paid into the town treasury. The cash in the office was verified by an actual count, and the bank balance was reconciled with a statement furnished by the bank in which the town funds are deposited.

The town debt, revenue loans, and interest were verified, and the payments were checked with the amounts falling due and with the canceled securities and coupons on file.

The savings bank books and securities representing the investments of the various trust funds were examined and listed. The income was proved and the withdrawals were checked with the receipts as shown in the treasurer's cash book.

The books and accounts of the tax collector were checked in detail. The commitments of taxes and assessments were proved and checked with the assessors' warrants. The payments to the treasurer for the several levies were checked to the treasurer's cash book, and the abatements were checked with the assessors' record of abatements granted.

The outstanding accounts were listed and reconciled with the accounts as shown in the accountant's ledger. These accounts were further verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

Any refunds due a taxpayer should be made by the town treasurer as provided by Section 35, Chapter 41, General Laws.

When making payments to the treasurer, the collector should submit the detail of such payments to the treasurer and the town accountant on the forms provided for this purpose.

The collection of water accounts, recorded as liens against real estate, should be paid to the treasurer in total. The collector's commission for such collections should be paid from the appropriation for the collector and should not be deducted from the amounts collected.

The books and accounts of the water department were examined and checked. The commitments were analyzed,

the abatements were checked, and the payments to the treasurer were verified by a comparison with the treasurer's books. The outstanding accounts were listed and reconciled, and the cash on hand was verified.

The town clerk's records of hunting and fishing and of dog licenses were examined, and the payments to the state and county, respectively, were verified with the receipts on file.

The accounts of all other departments collecting money for the town or committing bills for collection were examined and reconciled with the treasurer's and the accountant's books.

It was found that some departments were expending a portion of their receipts instead of depositing them in the town treasury as received, in accordance with the provisions of Section 53, Chapter 44, General Laws.

The proceeds of the sale of park land, amounting to \$2,000.00 has been set aside to be used only for such purposes as are authorized by Section 63, Chapter 44, General Laws.

The surety bonds of the treasurer, tax collector, and town clerk for the faithful performance of their duties were examined and found to be in proper form. The bond of the water registrar was found to be in the form of a continuation certificate and it is recommended that an annual bond be filed similar in form to that of the town treasurer.

Appended to this report are tables showing a reconciliation of the treasurer's cash and summaries of the tax, assessment, water and trust fund accounts, together with a balance sheet reflecting the financial condition of the town as of July 7, 1931.

For the courtesies extended by the various town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

EDW. H. FENTON,

Chief Accountant.

REPORT OF THE SEWER COMMISSIONERS

All that was done on the sewer system this year was the regular work necessary in the maintenance of the beds.

Some work should have been done on the outside of our sedimentation tanks but our appropriation would not allow it. This should be done this year to keep these tanks in a satisfactory condition. If it is let go any longer it will mean the spending of a much larger sum. The work necessary will mean the expenditure of extra money outside of our regular maintenance appropriation.

We therefore recommend the sum of \$600 be appropriated for the Sewer Department in 1932.

Respectfully submitted,

E. F. RICHARDSON,

LLOYD C. KING,

C. E. SIMPSON,

Sewer Commissioners.

REPORT OF THE WATER COMMISSIONERS

To the Citizens of Millis:

Your Water Commissioners have tried to be as conservative as possible this last year so as to carry out the wishes of the people and purchase a new pump out of our regular appropriation. It was necessary for us to let a number of things that we would like to have done and some that should have been done postponed until later on that account. The new pump was bought and it is installed and running. Considerable improvement has been made on our pumping equipment by this installation. We believe that the Town of Millis should be well fixed for several years as far as pumping equipment goes and should be able to deliver all the water necessary unless some unforeseen condition should arise.

The only water extension carried out out of our own appropriation was one of a thousand feet made to the residence of Otto Brushak on Myrtle Street.

We would like very much to have the citizens come to the Pumping Station and inspect the new pump and the improvements made. Mr. Heating the Engineer will be very glad to show anyone the new units and also answer questions on the working of the plant.

The following is the amount of water pumped each month during the year 1931:

January	3,633,000
February	3,090,000
March	3,628,000
April	3,789,000
May	4,638,000
June	4,764,000
July	5,872,000
August	5,710,000
September	5,036,000
October	4,657,000
November	4,222,000
December	4,224,000

Respectfully submitted,

CHARLES LA CROIX,

LLOYD C. KING,

W. HAROLD SIMPSON,

Water Commissioners.

**Lloyd C. King, Water Registrar
in account with
The Town of Millis Water Department**

Total Commitments for 1931	\$9,222.21
Total Receipts for 1931	8,359.01
Total Abatements for 1931	124.72

REPORT OF THE GYPSY MOTH DEPARTMENT

To the Honorable Board of Selectmen and Officers of
Millis:

The Gypsy Moth infestation has increased since this year owing to the season which proved favorable to all kinds of insect life. The conclusion is nothing but what can be taken care of without any additional expense unless we should have another such summer as this last one, as spraying under favorable conditions should take care of this increase.

The Brown Tail Moth infestation is about the same and the Satin Moth damage was considerably less than that of 1930.

I therefore recommend that the sum of \$1000 be appropriated for 1932.

Respectfully submitted,

LLOYD C. HINES

Gypsy Moth Supr.

REPORT OF THE TREE WARDEN

The Town made a great improvement in the appearance of our roadside this last year by cutting all the brush. This is something I have wanted to see done for quite awhile. I feel money would be saved if this policy was continued from now on as the cost of cutting all the brush each year would be cheaper in the end than doing just part of it. A good deal more ground can be covered for less money where the brush is only one year old against brush that is let go for two or three years.

Twenty-four maples were planted this year and they all did very well. This next year trees should be planted as much as possible on some of our streets that are without shade.

I would recommend a sum be appropriated to cover the cutting of all the roadside brush for the year 1932.

Respectfully submitted,

LLOYD C. KING,

Tree Warden.

ANNUAL REPORT OF FIRE ENGINEERS

Millis, Mass., December 31, 1931

Hon. Board of Selectmen and
Citizens of the Town of Millis:

The following report of the Fire Engineers will explain briefly the operations carried on the past year.

As per list of calls, we made fifty-one runs, which were for

- 5 Automobiles
- 9 Grass
- 8 Woods
- 5 Chimneys
- 14 Buildings
- 10 Miscellaneous.

The nature of weather made forest fires unusually small the past year. We did have, however, the start of some very severe building fires, of which we were successful in checking.

Even though this was a year of depression there was approximately \$300,000 worth of buildings constructed here this year all of which need protection of course. This for the Fire Department means we must provide for its proper protection as soon as possible and we

urge you to help us to that end for our mutual advantage.

Our Forest-Fire Truck is now out of commission and has been since November 1st. We are to ask you at Town Meeting for some type of apparatus this year to replace this Engine, which, at this time of going to press, we have no definite proposition.

We have unpaid pay rolls from May 1 to December 31 amounting to \$1,071.86. This is brought about from changing from May 1 to December 31 Fire Department year, as per your Town By-Laws.

We ask you for the regular appropriation of \$3,000.00 as usual and will try and operate the Department on that, if possible.

We take the liberty of thanking the citizens for their co-operation this past year.

Yours truly,

D. C. ADAMS,

OSCAR C. POND,

MILLARD B. LA CROIX,

Fire Engineers.

The Board of Assessors believed it essential to set the 1931 Tax Rate as low as possible and we were pleased that we were able to make the rate \$28.50 per thousand.

One important factor which resulted in this low rate was that we used certain savings which would otherwise have reduced the surplus in our credit for the year 1932. This means we are facing 1932 with a lower balance in the treasury. Furthermore we wish to call your attention to a projected reduction of 20% in receipts from the State.

We therefore urge a program of strict economy for 1932.

GEORGE W. BOOTHBY

MILLARD H. LACROIX

STANLEY A. CLARK

Assessors of Mills.

FINAL REPORT OF THE HIGH SCHOOL BUILDING COMMITTEE

In accordance with the vote of the Town at the Annual Meeting in February, 1931, the special School Building Committee held its first meeting and organized on February 21st.

The architectural firm of Mowll & Rand with A. W. K. Billings, Jr., Associated, was given the contract to complete plans and specifications and to supervise the construction of the building.

On April 23rd, in Grange Hall, bids from 28 general contractors were opened and read and on April 27th the general contract was awarded to R. H. Sewell & Company of Franklin, Mass.

With appropriate ceremony the first shovel of soil was turned over on May 4th. On October 26th, the Architects notified your Committee that the building was substantially completed and ready for occupancy. On November 2nd, the new building, with equipment installed, was opened for public inspection at 10:00 A. M. and at eight o'clock in the evening the Auditorium was crowded to capacity for the dedication exercises. Regular school work began at nine o'clock the following morning.

Reference is made to the Auditor's Report for a detailed statement of the various expenditures necessary for the completion of the building. Final payments were made to the Contractors and Architects on December 29, 1931.

Appropriation		\$100,000.00
Total cost of building	\$76,311.00	
Equipment	3,087.26	200.00
	<hr/>	<hr/>
Unexpended balance		\$20,601.74

At the final meeting of the Building Committee it was voted that the following resolution be sent to the Contractors and to the Architects and that it also be incorporated in this report to the Town:

Resolved: That this committee is very much pleased with the work of E. H. Sewall & Co. and Franklin and of Howell & Bond of Boston. We believe this work has been prompt and conscientiously done, and we feel that they have lived up to their contracts — not only to the letter of these contracts but in the spirit as well — and that they have given us our money's worth in both quantity and quality.

The Committee wishes to publicly extend its thanks to Mr. J. Allen Cole who graciously gave of his time as inspector for the Committee during the construction of the building, and to Mr. Frank Hamlin and Mr. George

Sarris who acted as his assistants - also to Miss Mary F. Dalton who gave her services as recording secretary during our meetings.

Respectfully submitted,

W. B. ESSELEN, Chairman
R. F. DOWNING, Secretary
J. ALLEN COLE
FRANK HAMM
R. F. KING

ANNUAL REPORT

of the

TOWN ACCOUNTANT

of the

Town of Millis, Mass.

FOR THE YEAR ENDING DECEMBER 31, 1931

REPORT OF THE TOWN ACCOUNTANT**Year ending December 31st, 1931**

The following is an accurate report of the financial standing of the Town of Millis for the year ending December 31st, 1931.

All accounts have been audited and found correct. I wish to take this opportunity to publicly thank all the Town Officers for their help and support during the past year.

L. J. REARDON,
Accountant.

ANNUAL REPORT OF PARK COMMISSIONERS

To the Board of Selectmen and Officers of the Town of Danvers

During the past year we have built a building constructed of field stone and cement which will hold proof. In the basement we have ten stalls and two toilets for the use of the public at the time of the races, games, etc.

During the unemployment situation last year we built nearly a half-mile of road through the town from Exchange Street to Plain Street, making the road accessible to the people living in the town. On this road we have only a thin coating of gravel. This year we would like to have a thicker coating of gravel, which would make the road available for a good many years.

The Baseball Diamond needs quite a lot of work done on it this Spring. We have the Danvers Park to do this work with, so it would be a good use of labor. We were able last year to get about 200 tons of filling dumped where the football field now stands. This year we would like to make a start on building two tennis courts.

We are asking for an appropriation of \$1000.00 from the voters see fit to give us, will please the voters.

for labor. Under the present weather conditions this work could be started very shortly, and this would relieve the present unemployment situation to some extent.

HARRY M. SHANNON,

WILLIAM JUST,

FRANK HAMM,

Park Commissioners.

REPORT OF THE BOARD OF SELECTMEN

To the citizen of Milis.

The Board of Selectmen, in this report, will give a brief report for the year 1931. The Board will try to present the various undertakings of the year in such a manner as to be of the most benefit to the town as a whole and at the same time point out the help needed by citizens who were unemployed. The Board will also give an account of the current depression.

We rebuilt Baltimore Street according to state specifications and need to encourage citizens to help in this work and to please to remember that we are almost complete this street from the village to the state engineers and feel that we have a strong city government factory in every particular. This work was done under the direction of our Superintendent of Highways.

The unemployment situation became so pronounced that we decided to ask for the aid of the State for emergency work and at a special town meeting \$20,000 was appropriated. With this amount we entirely cleared the brush from all streets in town and also had all houses painted which was very urgently needed. We repaired bridge on Orchard Street that had been undermined by the heavy flow of water caused by the storm this spring. The total of this work we had done by the local unemployed citizens, portioned as justly as we could between

ANNUAL REPORT OF PARK COMMISSIONERS

To the Board of Supervisors of the City of San Francisco

During the past year we have been very busy in the construction of field houses and other buildings, and in the proof. In the latter part of the year we have been busy in the construction of toilets for the use of the public, and in the construction of game, etc.

During the year we have been very busy in the construction of nearly a half mile of road, and in the construction of Exchange Street to the city street, and in the construction of a road accessible to the people from the city street to the city street town. On this road we have been very busy in the construction of gravel. This year we have been very busy in the construction of a coating of gravel, which will make the road very accessible for a good many years.

The Baseball Diamond has been very busy in the construction of it this Spring. We have been very busy in the construction of Park to do this work, and in the construction of a large amount of labor. We were able to do this work in a very short time of filling dumped, and in the construction of a large amount of labor. This year we were able to do this work in a very short time of two tennis court.

We are asking for an appropriation of \$100,000, and if the voters see fit to give us, we will probably all be happy.

for labor. Under the present weather conditions this work could be started very shortly, and this would relieve the present unemployment situation to some extent.

REPORT OF THE BOARD OF SELECTMEN

To the citizens of Millis.

The Board of Selectmen would like to present the following brief report for the year 1934. The Board would like to mention the various improvements made during the year in such a manner as to be of the most benefit to the town as a whole and at the same time point out the many unemployed citizens who were unemployed during the year because of the current depression.

We rebuilt the main street sewerage system, made alterations and used 10 men during the year to do this work and are pleased to report that we have now completed this street within the territory of the town engineers and feel that we have a street that is as satisfactory in every particular. This work has been done in the direction of our street to the end of Highway.

The unemployment situation having become so serious that we decided to ask you for help in the form of emergency work and it is a good thing that you have appropriated. With this money we have been able to brush from all streets in town and also had all streets painted which was very properly needed. We repaired bridge on Orchard Street that had been damaged by the heavy flow of water caused by the storm that came. The total of this work would have been done by the unemployed citizens, but as many were unemployed during

the married and single men. We also built the town garage, which we feel is both attractive and efficient, with town labor and completed within the appropriation.

During the past year the town was a defendant in a suit for personal injuries by one Segal. This suit resulted from an accident to Segal on Farm Street during the time of the water extension. The contractor, DiPietro, was also sued for the same accident, said suit settled by DiPietro out of court, the town receiving releases from all liability.

At the present time your Selectmen are attending hearings before auditor Judge Albert Saunders at his office in Boston in action against the town by Jenney and Blanchard, said action is for service rendered at the time of the bus litigation. Attorney Charles McDonough representing the town in the above cases.

The town has been notified by the County Commissioners that they have suspended for this year their usual allotment of money for new road construction which heretofore has been done in conjunction with the town and state. In past years this has amounted to \$12,000.00. This will necessitate our being unable to complete Orchard Street this year. The part already under construction will be completed.

In view of less money to be appropriated for permanent construction as per notice of the County Commissioners, we would recommend a sum of money to be appropriated to repair Exchange Street from the Millis Railroad Station to the corner of Exchange and Main Streets. We also would recommend a sufficient appro-

priation for a permanent site with a Main Street from Exchange Street to Plain Street.

We would suggest that during the coming year, as far as is practical, all work done by the town be done by local labor. A financial report will be sent out later in the report of the town accountant.

REPORT OF SCHOOL COMMITTEE

The School Committee extends its cordial invitation to the parents and people of Millis to become interested in school affairs. Our regular meetings are held the first Friday of each month at the High School Building, and you will be most welcome.

This booklet contains the report of your representatives and all the instructors under our supervision. You may well believe, give a fairly complete report on our work.

The work is going along nicely in the new building, and it not only fills the needs of the school but gives the townspeople an opportunity to enjoy it.

The School Committee wishes that you should come better acquainted with the school and know where you to visit when classes are in session.

The Committee appreciates the splendid cooperation of the parents, the community, the teaching personnel, our school board, and the citizens of Millis.

Our recommendations for expenditures for the coming year are as follows:

Supervision and Control	\$ 1,250
Salaries	24,850
Text Books	700

5-B

Supplies	800
Janitors	2,600
Transportation	3,825
Repairs	200
New Equipment	300
Fuel	1,000
Health	600
Athletics	500
Miscellaneous	200

TOTAL ---- \$36,700

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Boston.

The outstanding achievement of the past year is the new building, which has given the city a modern school for the entire year. From the opening of the school on May 6 to the dedication of the new building on November 2, through all the hard days and constant supervision of the entire building committee, there has developed an extraordinary measure of enthusiasm for the project throughout the community, which reflects highest credit on the Board. The confidence expressed in our report on June 12 in the commonsense and devotion of this people has been amply justified. Mills is a remarkable school of spirit and character before.

The building itself is a masterpiece of engineering and construction; it is substantial, durable, and gives a promising opportunity to develop every phase of practical work that can now be done in a school. The Board has decided to continue construction of the building, and the appropriation made for the building will be used for anticipated needs could later be provided for such as adequate furnishings for some of the rooms, and for painting. Such furnishings are being purchased and installed as time goes by, as for example, tables and chairs for the study room, now in daily use.

Our auditorium-gymnasium, as anticipated, gives a place for assembly, public speaking, group activities, social meetings, health and physical training work, athletics, and sports as never before, and we have made beginnings in all these lines. Much more can be accomplished when we can afford supervisory help one or two days a week for physical training in its various forms. At present we are fortunate indeed to have the skilled assistance of Miss Wilma Cole, who has been professionally trained and has volunteered her services. It is a pleasure to acknowledge our gratitude to her for successful work already done.

We have again been fortunate in the relatively slight interruption to the personnel of our teaching force. In June we lost the services of Mr. Thouren, science teacher and coach, and of Mr. Cunningham of the Junior High school; in their places we have Mr. Ralph L. Duplin and Mr. Frederick Bosworth. Special attention is called to the report of the former. It would be a great mistake to infer from the scores of the football season that our athletics have been a failure. While there is much profit from the "habit of success" (which has characterized Millis scores of some seasons), uninterrupted victory has its dangers; and there are larger aims than high scores. Our school has confidence in the larger aims of our coaches and believes valuable lessons are being learned this year, in spite of serious handicaps, and that adequate results will be evident later.

The report of the High School Principal deserves careful thought and should help in closer co-operation of home and school. Perhaps nothing in school work is more difficult, more productive of friction, more capable

of real help than the marking process. The good and limitations should be known. On the average mark, the one most people believe in is that the mark should be given to those it's worth giving it to. But the marks reveal whether pupils are making progress, what lines they are taking, what their weaknesses are, and they guide in selection of school courses and life work.

Necessary and useful as they are, just marks are no grade effort and developing character. Nothing more of one's best handwriting should be given than that of a good or pitcher; even that is not enough a good one should be better. The coach demands and gets best effort. A business letter of twelve or 200 words is written and the punctuation has the 14. The teacher can give one, thus, inspire, direct, force, 1000 words, and the pupil must be "blessed" if the letter is 100 words, and the home sometimes urges progress in writing, and one 10". It is but human nature to pass off work for "passing" than the honest grade demands. The home not help in our efforts to have each pupil make himself responsible increasingly for his own work, progress, plans for future school and life. The goal leading toward self-reliance and self-direction is our aim.

The usual tabulations of school statistics are given herewith. It should be added that in increasing the money cost of our schools our population is increasing year larger, not only actually but also proportionally, being this year over 20% of our past. Our school receipts are as follows:

School Fund, Part 1	\$100,000
School Fund, Part 2	27,000

Supt's. salary	483.34	
High School grant	1,250.00	
Tuition of pupils	216.01	\$7,710.73
		<hr/>
Total cost of schools		\$86,699.09
Net cost to Town		28,988.36

The total cost per pupil of all our schools for the latest year available was \$86.69 or 86% of the average State cost and 88% of the average cost in towns like ours — under 5000 population and maintaining High schools. Our net cost as raised by taxation (reimbursements deducted) was \$72.61 or 81% of the State average and 91% of towns of our class.

No report of Millis school opportunities would be complete without grateful acknowledgement of two scholarships available by preference to graduates of Millis High school; the Hon. Fred H. Williams scholarship offers a full course at Brown University and the J. Annette Williams at Pembroke College (the woman's college associated with Brown). None of our graduates have yet applied; are there not some who will soon do so and use them to our credit?

The usual prizes for highest citizenship in the High School graduating class annually offered by an unnamed friend were awarded this year to Myrtle Coldwell and Joseph Nathanson. In addition, prizes of \$5 in gold were this year offered by Mr. Arthur P. Young in memory of his mother. These were awarded on an essay competition on the subject, "My High School Course. What It Has Meant and What It Might Have Meant." On the

basis of original, constructive thought, the prizes were awarded to Glendora Rolfe and James Martin.

The following gifts to the new building have been greatly appreciated: pictures from Mr. and Mrs. Arthur P. Young, Willard Sampson, and Charles Smith, from Mr. and Mrs. D. B. Beattie and Arthur P. Young, a cash gift of \$80. expended for books for the library, a dining set of furniture from Mr. and Mrs. W. J. Esselen, and a beautiful silk flag and stand for the Assembly Hall from American Legion Post No. 122. For all of these our School returns hearty thanks.

It is a pleasure to recognize the very marked growth in unified devotion to the schools of this town shown by its taxpayers, parents, pupils, teachers and Committee. For this and for all my support I have received in my efforts to serve Mills I am deeply grateful.

Respectfully submitted,

LYMAN B. MILLER

REPORT OF PRINCIPAL

To the Superintendent of Schools of Chicago

Steady progress has been made in the bettering of the school during the last year. Work has been doing well, owing to the combined efforts of a well-organized teaching force and an efficient superintendent, with the hearty support of an energetic school board.

Our September our first month of school is nearly over.

The most important improvement in the school has been the building of the Junior-Senior High School Building, opened September 21, 1911. The new building, besides solving the problem of housing the ever-increasing number of pupils, gives much greater efficiency and convenience, and better living conditions.

We immediately found that the arrangement of the rooms seemed to fit our needs, with sufficient room allowed to take care of the possible growth in the future for some time to come. The plan is good, with the three grades of the Junior High school on the first floor and the three Senior grades on the second floor.

In the basement the rooms are well located, giving us a good-sized cafeteria, for room for a gymnasium, science room, an art room, which is used for drawing, sewing and music, and a good-sized physical training room. The library, general storage room, and physics and chemistry laboratory on the first and second floors are proving useful additions.

The auditorium is conveniently located to be used by any grade in the entire school. At present assembly is held each morning in the auditorium, and it is used

for physical education, music, rehearsing plays or operettas, and after school it is used for basketball, and will be used for such entertainments as we may have.

One detail that adds to the usefulness of the new building is that of lighting; all the rooms are very well lighted.

The question has been raised as to the advisability of bringing all grades from 1 to 12 inclusive together in one building. After observing the arrangement for the short period of several months, I believe it is a successful one. All pupils are now under one roof, which makes for efficiency in many ways and, in the long run, will be less expensive. Also, of great importance, the arrangement of entrances, halls, toilets, and playgrounds is such that there is no intermingling of pupils of the higher grades with those of the lower grades.

The teachers and pupils appreciate their new building and the careful planning which has included so many details which aid efficient work.

Classes in physical education were added to the regular program after the opening of the new Junior-Senior High School Building. The regular classes for grades 1, 2 and 3 are held in the school rooms or the auditorium, and those for the upper grades in the auditorium, on Mondays and Fridays. This work is being taught successfully by Miss Wilma Cole. The addition to our regular program fulfills the State requirements in physical education, and carries out the health program as suggested by Dr. Davis in his report to the Town of Millis.

Mr. G. L. Johnson has charge of the junior football team. There is a large crowd and considerable interest in this sport as at present it is the most popular game for the boys.

Our dramatics are under the guidance of several school plays and directed by Miss Mary Johnson, operettas and other musicals. Miss Johnson, Mrs. Martinson and Miss G. L. have spent much time and energy on these extra-curricular activities and working together with excellent cooperation from the pupils, they have been able to accomplish pleasing results. The activities listed below have been well attended:

Senior Play, "Here Comes Father" November 12, 1930
Junior High School Concert, "The Old Town Hall" Jan.
16, 1931

Concert, The Junior-Senior combined Musical, also
also, two musical plays, "The Good Thing" and
"The Man From Frisco" March 11, 1931

The Senior Dance held November 20, 1930, at the Nathanson's hotel, under the supervision and direction of a well organized group of interested parents, was a decided success. I wish to thank the parents for their interest and cooperation which made possible the senior graduating class the trip to Washington, D. C.

For the second time the Senior Class has gone to Washington during the spring vacation. This trip affords an exceptional educational experience. I sincerely hope the pupils and parents appreciate the efforts being

made by some of our townspeople to put the acquirement of the necessary funds on a business like basis, and thus to help make this an annual event to be enjoyed by many classes in the future.

This year the Annual Exhibition was, for the most part, confined to the work of the cooking and sewing classes, the boys' woodwork under the direction of Mr. Lee I. Towsley from the Norfolk Agricultural School, and the Health Pageant given by the grades, held in the Town Park. The building was open for the inspection of school work of all the grades.

The Junior Prom and Senior Reception was held at Snow's Hall, May 1, 1931. This seemed an unusually pleasant, yet dignified, party, with many parents and few uninvited guests from out of town present. I wish that school dances in the future might be more along this line, and we urge parents to come more often to these functions.

Athletic Night, June 16, was well attended. This activity has become one of the out-standing events of the year for the boys and girls participating in athletics. This year the group of boys, about to graduate, who were recognized, had played on our athletic teams for several years, and had made a good name for themselves, as well as placed the school in high standing in athletics.

Graduation was held in the evening of June 18, 1931. The twenty-four members are now located as follows:
In College:

Mary Downing, Regis College

Mary McCreath, Junior, Framingham
 John McCreath, Junior, Framingham
 Paul W. Barrett, Senior, Framingham
 John P. Paine, Junior, Framingham
 Stephen C. Paine, Junior, Framingham
 John P. Paine, Junior, Framingham

In Normal School:

Margaret M. Munn, Junior, Framingham

Nursing:

Myrtle Goldwell, Mass. Memorial Hospital, Boston
 Mary Phillips, Whidden Memorial Hospital, Everett
 Glendora Kelle, Milford Hospital
 Frances Willard, Framingham Hospital

Working:

Herbert Godfrey
 Henry Cassidy

Alice Lindahl
Howard Norcross
Carl Olson

One of the most difficult as well as most important duties of the teacher is that of grading the pupils as to scholarship and citizenship. Not only is the teacher's judgment called upon to give each pupil a fair mark according to what the pupil has done in his classes, but it is very desirable that a reasonable uniformity exists throughout the school; e. g. John, who knows his work in English has been of poorer grade than that of any of his other studies should not find on his report card the mark in English higher than those of mathematics and physics.

Our pupils in scholarship receive Grades A, B, C, D or E, the meaning of which is as follows:

Grade A. the highest grade of scholarship, representing superior work and serious study. Value, from 90% to 100%. A pupil thus ranked must prepare his lessons carefully, make good recitations either when called on or by volunteering, give good attention to his work, do his work willingly, make up work lost by absence, use good English, and show some ability to work by himself.

Grade B. Value 80% to 90%. This grade represents good, though not the highest achievement. To attain this grade a pupil must have good or fair ability, and must prepare his lessons fairly well. Perhaps, he has not fulfilled all, though most, of the requirements mentioned under Grade A.

Grade C. Value 70% to 80%. It represents average achievement. The largest number of pupils receive this

attitude towards life which he is developing to be carried out of school with him. Often the pupils receiving the highest grades in scholarship are also those ranking high in citizenship. That is, the type of pupil who makes an effort in his studies usually has the desire to do the right thing in all ways. High marks in citizenship, however, are not limited to those with high scholarship marks. Usually, the group receiving A's and B's in citizenship is much larger than that receiving A's and B's in scholarship.

To achieve fairness and uniformity in marking under these three headings, we have adopted the following plan: The pupils' names are listed with spaces after them. Each teacher marks each pupil whom he has in class, study room or in any school activity, in co-operation, effort and deportment. The mark finally put on the report card represents the average of all the marks under that heading given by different teachers to that individual pupil for that marking period. Thus, the pupil is rated, as a citizen, not by a teacher's judgment, but by that of several, making for a fairer, more all-round estimate.

To succeed in their school work, high school pupils should do considerable preparation for the lessons of each school day. As our school program is arranged, the school hours are from 9:00 A. M. until 12 M., and from 1:00 P. M. until 3:00 P. M., giving us seven 40-minute periods, mostly recitation periods. The pupils have not enough chance during the school day to prepare their work for the next day. Therefore, they should do at least two hours of preparatory work at home. Without exception, I believe, those pupils graded A or

But in scholarship are there pupils who cannot do their work. The parents should be advised to see that the pupil spends the proper amount of time in preparation at home, free from other duties. The pupils who are conscientious enough to do their work at home are unfortunately, in not doing so, being treated as indifferent. Some of these pupils are very capable and desire to study. Many pupils have no school feeling with the realization that the school is not a place where they are not sufficiently interested to overcome home or family distractions.

With the desired firmness of discipline being put into the school, I suggest that the preparation for the next day be lengthened. In the home, where the student could devote the first 25 minutes of the evening to the rest of the period to the preparation of the work for the next day's lesson. If there were no school in school for study. I believe these pupils would neglect their home work and go to bed without doing what they are doing, and then having such a poor start the conscientious pupils would find the next day to be a convenience, and benefit by it. These pupils will accomplish more in a short period of supervised study than they will in a much longer period of unsupervised study, with its interruptions and distractions. This might be accomplished by adjusting the schedule, rather than by lengthening the school day.

I wish to express my appreciation to you, and to the teachers, school committee, and others of the school department for the support and co-operation so unfailingly given.

Respectfully submitted,

CLYDE F. BROWN,

Principal.

REPORT OF THE MUSIC SUPERVISOR

To the Superintendent of Schools of Millis:

As I consider my 6th report as Music Supervisor in the Millis Schools, I feel vastly encouraged by the growth in several branches of the department. At present we have a teacher of violin, and a teacher of saxophone and trumpet. Mr. Ulmer, the violin teacher, reports a larger class than ever before and Mr. Hauck reports a class of encouraging size. Both of these men are students at the New England Conservatory of Music and come to us highly recommended. Mr. Ulmer is beginning his third year here, while Mr. Hauck commenced his work here last May. Thanks to the co-operation of these teachers, our high school orchestra is now a reality.

Last year the public musical events were the Junior High Operetta, "The Blue Belt," and the Concert presented by the combined Music Clubs. The Operetta was considered in last year's report. The Concert for the benefit of the Athletic Association consisted of selections by the boys' and girls' glee clubs of both Senior and Junior high schools. At this concert the orchestra made its first appearance and was most favorably criticised, as were the choral groups. The graduation music included some more difficult songs than usual, which were enthusiastically studied and well sung. The orchestra, augmented by seven saxophone and trumpet students, accompanied the chorus in two numbers.

The music work in the grades varies little from last year. A new set of books for the sixth grade is providing increased interest, and the occasional use of the piano with the intermediate grades is a source of inspiration.

Too much cannot be said for the friendly attitude of the teachers and their willingness to make helpful suggestions.

To the teachers and to the pupils with whom it is my happiness to work I owe my thanks, and to the principal and to you my utmost gratitude.

Respectfully submitted,

ELINORE E. COLF,
Supervisor of Music.

REPORT OF THE SUPERVISOR OF DRAWING

To the Superintendent of Schools of _____

In the teaching of drawing, the teacher's responsibility of teaching is to select the material, to plan the lesson, to record the child's response to the lesson, to evaluate the child's learning, to teach the child to draw, to teach the child to use every-day things of the real world as material for drawing, to produce in the child a sense of achievement in his drawing, and to help the child to develop the habit of drawing in his daily life and surroundings.

Throughout the course, the child is encouraged to draw outline, produce the drawing with a variety of lines, color of color, design, drawing, and drawing.

The new drawing room is a roomy room with many chairs and tables for the use of many children in drawing activity. Here may be found many drawing materials in strips and rolls, and many other materials for drawing. Creating more interest for the child in drawing, the clay is shaped over a wheel and pressed in a mold, and a face taken from the clay, the strips of paper, and the water, are laid on the clay, then a drawing is made, and more paper and paste for the drawing, and more water, drying, a paper made, and a drawing made. A drawing made, and anxious to see the drawing, a white paper with water, and a drawing class. And the drawing is a drawing of a drawing, and the boy will have painted a drawing, and a drawing.

plaster block of his own making. Here and there may be found a group of girls talking about angels. No heavenly aspirations; they are designing stained glass windows such as are used in churches and for memorials. Soon will appear portfolios made from surplus posters, pottery made from clay found in our own town, pictures painted on glass backed by silver candy wrappers, lamp shades from wrapping paper! We are learning to create something unusual, useful or beautiful or all three, out of inexpensive materials.

Our exhibit last spring aroused much interest and praise. Wall paper designs, circular windows, pen and ink sketches, beautiful printing and batik wall hangings all added to the variety of the exhibit. This year the classes are larger than ever and the interest more evident; consequently the exhibit should be most attractive.

Respectfully submitted,

ELINORE E. COLE,

Supervisor of Drawing.

REPORT OF THE COOKING DEPARTMENT

To the Superintendent of the High School

My aim in my course has been to give the pupils good practical experience in the following principles:

1. Health.
2. Economy.
3. Cleanliness.
4. Attractiveness.
5. Immediate and permanent improvement of home.

After my class had learned the principles of the department, principles needed in a good home, I gave them a particular line of work. The course was divided chiefly on breakfast, table, plate, and prepared luncheons.

The exhibition of last June gave us a chance to show our work. This exhibit was a success in every way. Grade eight exhibited four different luncheons with two different dinner luncheons, and a winter luncheon. First prize was won by the winter luncheon by the group including Mary Clancy, Arlene Barrett, and Martin Lundberg. Second prize was won on the summer luncheon by Helen Olson and Ida Harris. Grade seven exhibited four luncheon tables showing light and heavy luncheons and a child's breakfast. First prize was won by the light

breakfast by Susan Duhamel, Virginia Gavin, Mary Robinson, and Georgie Hall. Second prize was won on the child's breakfast by Shirley King, Edith Sidman, Almira Hunter, and Elsie Savage. These meals were carefully prepared on health and economic bases. Each table was decorated in a very beautiful color scheme and setting. The foods were so well prepared and displayed in such an appetizing way that it was difficult for Miss Catherine Cook, the Assistant 4 H Club Leader, to award the prizes.

The girls this year are indeed fortunate to have such a large and well equipped domestic science room. We have enough closets, cupboards, and table space so that every two girls in each division can have their own materials and working space, for which they are held responsible as a part of the program. We have five sinks, also hot and cold running water. Our only outstanding limitation is the small cooking and baking space, which consists of one large electric range.

Our first lesson in each class this year was on table-setting and serving. This lesson was appealing to the girls for now they can work with a real dining room set. In behalf of all those girls who are taking domestic science I wish to thank Mr. and Mrs. W. B. Esselen for this very useful gift.

This year the food work is taken by 55 girls in the Junior High School. These girls have been divided into four divisions, meeting each week for two class periods of work. At present grade seven is working on the breakfast program, grade eight on the luncheon program and grade nine on the dinner program. Grades seven

and the following information is provided:

1. The name of the person or organization that prepared the report.

2. The name of the person or organization that prepared the report.

3. The name of the person or organization that prepared the report.

4. The name of the person or organization that prepared the report.

It is not clear that the above arguments are sufficient to establish that the proposed model is a good approximation of the true model. The model is based on a number of assumptions, and it is not clear how well these assumptions are satisfied in practice. For example, the model assumes that the data are independent and identically distributed, which may not be true in many cases. Additionally, the model assumes that the parameters are known, which may not be true in many cases. Therefore, the model should be used with caution, and its results should be interpreted with care.

1. *Phragmites australis* (Cav.) Trin. ex Steud.

REPORT OF THE SUPERVISORS OF SEWING

To the Superintendent of Schools of Millis:

In teaching sewing to the fifth and sixth grades we have followed the general aims of Norfolk 4-H Clothing Club. These aims are as follows:

1. To develop the head to clearer thinking, the heart to greater loyalty, the hands to larger service and health to better living.
2. To teach the girls what it means to be "well dressed."
3. To make it possible for them to be well dressed by teaching them to construct and select becoming and suitable clothing of minimum expense, and by bringing to their attention the importance of good health habits, personal neatness, correct posture, and the care of clothing.

Grade five's program is rightfully called "Mother's Helper." Besides giving them a knowledge of the different stitches and processes used in elementary sewing, they also get practical training in home tasks. One of the H's stands for heart and service. Every girl has an opportunity to train herself to give willing service by doing things at home to help. The home service is left for the girl and her mother to decide. It may mean an assignment of some one or two tasks for which the girl

will be possible for a group to purchase a set of home sewing machine and to make a garment for a group including a gift. The group may also be in the grade of sewing. They may also make a gift for the President of the group. (The group may also make a gift for the President of the group.)

At the end of the session, the group may be asked to make a gift for the President of the group. The group may also be asked to make a gift for the President of the group. The group may also be asked to make a gift for the President of the group.

The grade 4 program is given the "Junior Sewing Club". The following suggestions for the club are as follows:

1. Choose at least two articles of clothing to make.
 - a) Slip and kimono.
 - b) Jumps or night dress and blouse.
 - c) Apron and simple dress (with or without kimono sleeve).
 - d) Slip and simple dress.
2. Make a quilt.
3. Learn to identify the various materials suitable for the garment and choose. Make a list of materials with name, color, price and use.
4. Darn at least five stockings.
5. If some home sewing keep record of clothes done.

6. Improve at least one health habit.

7. Keep a record of articles made and cost.

In the Fall, the girls make some simple articles by hand to review the elementary stitches learned in grade V. They are then taught how to use and care for a sewing machine and are given instruction in all problems which arise during the construction of the particular garments they choose to make. Wherever possible, practical problems in home-making are introduced. The girls are taught to be accurate and are encouraged to do the best work they are capable of doing.

The following girls were given awards for outstanding work last year:

First prize went to Phyllis Fraser and Janet Payson.
Second prize to Valeria Malachowski and Rita Callan.
Third prize to Aroxic Karoghalanian.

There are eighteen girls enrolled in the Junior Clothing Club this year. Emily Beatty is President; Helen Marr is Vice-president; Violet Lindahl is Secretary; Peggy Gavin is Treasurer, and Marion Johnson is club news reporter.

Both classes enjoy working in the new building.

Respectfully submitted,

(Signed) M. MURIEL COLE
SARA NOVICK.

REPORT OF THE ATHLETIC INSTRUCTOR

To the Superintendent of Schools and Board of Education

Athletics at this school is directed toward the purpose of developing true sportsmanship, sound bodies, and clear thinking minds.

At the practice sessions of the various sports, we thought that a coach has more to do than to teach manship. A winning power is not expected at this stage, and every coach would rather have the boys practice. Teaching at this stage is for the purpose of fitting a future girl for later life.

Many successful business men, factory foremen, and after reaching a certain age find that their physical bodies are not keeping up with their work. If they were well fitted themselves properly in school days they would have different stories to tell now. The training has been a general routine in preparation for a future and strong child for later life.

Outwitting an opponent in a game of football, basketball, or a scrimmage train, a boy is getting more and more quickly and clearly. It is a preparation for the future, again, because obstacles in life are many and frequent. Come these, a child must be trained to overcome.

Although the football season is past, as we are concerned in successful progress as that is for the future, probably taught us more to make a reputation for our

cannot keep on winning every year. Unfortunately we had lost many good boys from last year's team but every boy on the squad this year tried his hardest and did his best, which is all that any coach can ask for. Inexperience was the main trouble; a squad of thirty boys was carried all fall and taught fundamentals — something very essential in football. Next fall we hope our boys will do better. Let us not forget these famous lines of poetry:

When the one great scorer
Comes to write against your name
He writes not that you won or lost
But how you played the game

The boys and girls of Millis are very fortunate in having a new, beautiful gymnasium in which to play basketball and to use for physical exercise. The locker and shower rooms for the boys and girls are complete to the last word.

The following boys participated in football:

Capt. David Congdon	Gordon King
Mgr. Daniel Murphy	Forest Goodwin
Leslie Jillson	Weston Bonney
Maurice Bearse	George Sarris
Leslie Simpson	Thomas Clewes
Aram Karoghlanian	Leonard Arber
Andrew Duhamel	Harold Carlson
Thomas Howie	Elwayne Coldwell
Anthony Pais	George DeAngelis
Philip Gavin	Frank Holt
Edward Gavin	Earl Johnston
Silas Black	Sigmund Lewandoski

Abraham Sidman	Charles Allen
George Clark	Howard Allen
Miriam Hardy	William Allen

The following boys participated in the contest:

Capt. Hayden Barrett	William Allen
Joseph Lathrop	Howard Allen
Wendell Collins	William Allen
Steadman Corcoran	Charles Allen
James Moran	Howard Allen
Anthony Fair	Henry Allen

The following girls participated in the contest:

Capt. Mary McCarty	William Allen
Eleanor McCarthy	Howard Allen
Hazel McDermott	William Allen
Helen Braun	Charles Allen
Lillian O'Brien	Howard Allen
Winifred Clark	Henry Allen
Irene McLaughlin	

The following boys participated in the contest:

Capt. Herbert Smith	William Allen
Wendell Collins	Howard Allen
James Moran	William Allen
Simon Novick	Charles Allen
Leslie Jilson	Howard Allen
Thomas Clowes	Henry Allen

Respectfully submitted,

RALPH DOWLING
Athletic Director.

REPORT OF THE SCHOOL PHYSICIAN

To the Superintendent of Schools:

During the year physical examinations were made of all the school children. Their heights and weights were determined and recorded by the School Nurse.

A number of cases of caries of the teeth were noted. This condition should be carefully looked after in the younger children because it has an important bearing on the formation of the permanent teeth. The Dental Clinic aided materially in taking care of this condition.

There were some cases of diseased tonsils and some in which the tonsils caused obstruction in breathing and poor posture. The Christmas Seal Fund voluntarily cared for a few of the more urgent cases.

The Rockville school was delayed one week in opening due to a recent case of Infantile Paralysis in the neighborhood.

Several students have been found not to have been successfully vaccinated. This is required by law and should be done for the protection of both the individual and the group.

The athletic activities were supervised with precision and no injuries of a serious nature and the health of the school population has not been impaired.

1. *Chlorophyll a* and *Chlorophyll b* were determined by the method of Arar and Collins (1971) using a Shimadzu 1601 UV-Visible Spectrophotometer.

Journal of Management Inquiry 18(6)

REPORT OF THE SCHOOL NURSE

Mr. Lyman R. Allen
Superintendent of Schools
Millis, Massachusetts.

Dear Sir:

I herely submit my annual report for the Town of Millis.

The desirability of good health is assumed by the majority of persons without question. The school is interested in the health of each child for the following reasons:—

1. Health largely determines the factors of interest and endurance.
2. Interest and endurance largely determine efficiency.
3. Efficiency during youth in studies and games, and during maturity, in the more serious tasks of life, largely determines success and happiness.

The school health program to meet the above objective has as its program:

1. Health service (or the giving of health examinations and inspections) follow-up, to insure cor-

rection of defects and consumption of food control.

2. Physical education, the program of the school activity.
3. Health education.

Through these various activities schools may accomplish a great deal in the prevention and treatment of the health of the school child, and it is to be hoped that they are better equipped to do so in the future.

The following is a summary of the data concerning the past year:

I. Immunization and vaccination

1. Number of children vaccinated for measles	100
2. Number of children vaccinated for diphtheria	100
3. Number of children vaccinated for tetanus	100
4. Number of children vaccinated for typhoid	100
5. Number of children vaccinated for cholera	100

II. Preschool children and children of special needs

1. Number of children of special needs	100
2. Number of children of special needs	100
3. Number of children of special needs	100
4. Number of children of special needs	100

III. Number of children having physical defects for the prevention of children.

IV. Physical and health

1. Number of pupils examined	100
------------------------------	-----

2. Number found defective in eyesight	12
3. Number found defective in hearing	2
4. Number of parents notified	14

Through our pre-school clinics a large number of our children are immunized to diphtheria. We are teaching the parents and pupils the importance of communicable disease control. Among our school children we have had several cases of mumps. The knowledge of means of entire control is still incomplete, thus the reason for the large number of cases. Since September five families have been quarantined with scarlet fever, involving eleven school children.

To improve the general condition of our underweight pupils, a mid-morning lunch has been established. This project is very popular and the number of pupils taking advantage of it is increasing daily.

May Day was celebrated with an out-door pageant and the awarding of Health Tags.

It is with regret that I have no Dental Clinic report, but hope in the near future that Millis will have a school dental clinic.

I have attended all the health meetings held under the State Department of Health.

I want to thank the parents and teachers for their co-operation shown to me this past year.

Respectfully submitted,

(Signed) MARTHA E. BLOOD, R. N.
School Nurse.

This table shows the distribution of all pupils in Mills schools on October 1, 1931 by grade, age, and sex; it also reveals the progress they have made. The vertical "total" column at the right gives the number of boys and girls in each grade; the horizontal row at the bottom, the number at each age. **Bold** figures show how many pupils entered at the proper age and were promoted regularly each year; figures to their right, how many are over-age for each grade and how much over age; figures above, how many are behind grade at each age. In which group is your child?

PERFECT ATTENDANCE RECORD

The pupils named have been neither absent nor tardy during the period indicated. Roman numerals show pupil's grade in 1931-32.
